## Summary

Full stack web developer adept at building responsive web applications from front to back. Passionate about learning new technologies, bringing ideas to life, and working with dedicated teams to build efficient and robust applications suited to the user's needs.

## EDUCATION

### Bloc Coding Bootcamp, San Francisco, CA — Web Developer Certificate

October 2018 - June 2019

Attended a coding bootcamp for 8 months to sharpen my skills and get educated on the latest technologies, and overall made me feel more confident in my skills.

## KEY PROJECTS

### Forums Page

- A reddit like web app that allows users to create topics, posts, and comments as well as vote and favorite posts.
- Front-end made with HTML, CSS, and JavaScript. Back-end made with Node, Express, and Jasmine, and EJS.

### Music Player

- A music playing app that allows users to listen to a variety of albums.
- Front-end application made with React.js.

### Wiki Page

- An app that allows users to create, collaborate, and share wiki's. Users are allowed to upgrade their account to premium for extra features and benefits.
- Full stack application made with Node.js, HTML, CSS, Express, Jasmine.
